

I Found Tiny Jesus

TINY JESUS - BIG IMPACT

Every Tiny Jesus placed into the world carries a quiet message:

Someone thought of you.

These QR codes help turn a simple discovery into a shared moment of connection.

Print them on sticker paper, or use regular paper and attach them with glue — whatever is easiest for you.

Place one on a Tiny Jesus figurine and leave it somewhere someone might stumble upon it.

A park bench.

A store shelf.

A bus stop.

A waiting room.

Anywhere someone might need an unexpected reminder that they are not alone.

When someone finds it and scans the code, they're invited into a growing space where moments like this are shared.

And in that moment, what began as a quiet act becomes part of something larger — a growing collection of stories, reminders,

You may never know who finds it.

But someone will.
